Hi Dianna – Our event went off without a hitch. Kim and Nancy were excellent! They made the table provided look like a real bar, and when the night was over they repacked the unused alcohol away for me so that I could easily return to the vendor. Kim was one of the bartenders at our event last year as well – I truly can't say enough nice things about her. Not only is she a true professional, she's an extremely nice person! Thanks again for helping us make our event successful again this year.

Amy
