On behalf of the Environmental League of Massachusetts, we want to extend our deepest gratitude to you for your support of Earth Night 2003, the most successful fundraiser in ELM's 105-year history.

More than 600 people attended Earth Night 2003, raising the most money ever contributed in one night for ELM. Equally important to us, all those in attendance were exposed to ELM and its accomplishments in safeguarding the air, land and water of Massachusetts.

You have been wonderfully helpful throughout our planning process. Alan Howarth and your entire staff were charming and efficient, and provided excellent good-natured service to the unexpectedly large crowd. Thank you for making the beverage service at Earth Night go so smoothly.
