Hi Dianna,

Thanks for your message. Judd and Val were great. They headed off a big disaster by telling us that our vendor hadn't sold us enough beer for the crowd we were expecting. They were extremely professional and it was great to have them as part of the team.

We're planning many more events for the year and will be in touch. I'm anticipating another evening party in March.

Thanks for your patience and advice about the process.

Sincerely,

Sarah
